

***their safety is essential.***  
Products made to work hard—and built to last.

## **Modular Channel MilBerm™**

**Portable, liquid-tight containment for hoses and pipes**

- Flexible modular design allows you to form any configuration
- Standard 4-ft width—custom sizes available
- No assembly required—sets up easily in the field
- Proprietary design with input from the U.S. military

The Modular Channel MilBerm's folding brace system features supports that lock the wall in an 8-in-tall, 90° vertical position when deployed. The inclined leg support is only 1.5-in from the ground for mobility and ease of use. Simply pull up on the perimeter wall and the unit will lock into a vertical position. To lower the wall, push in on it and the lock will release, allowing the Modular Channel MilBerm to lie flat on the floor.

Each section has open ends and tongue-and-groove closures that form a liquid-tight closure.

**For further information call 1-800-285-4203 or visit us online at [BasicConcepts.com](http://BasicConcepts.com)**

Sections attach quickly with a state-of-the-art LiquidSeal™ resealable connection that provides a liquid-tight closure.

Description	Dimensions W x L x H	Part Number	CA Prop 65	Application
Modular Channel MilBerm™ middle section	4 ft x 2 ft x 8 in 1.2 m x 0.6 m x 203 mm	1052-04015-201	⚠	Modular component part
Modular Channel MilBerm™ middle section	4 ft x 6 ft x 8 in 1.2 m x 1.8 m x 203 mm	1052-02324-201	⚠	
Modular Channel MilBerm™ middle section	4 ft x 10 ft x 8 in 1.2 m x 3.0 m x 203 mm	1052-02427-201	⚠
