Pump-It Tube Sediment Filtration (5 pieces)

Product Images

Short Description

Designed for high flow dewatering on collection ponds, sumps, construction sites and more. The Pump-It tube removes greater than 92% of sediment when dewatering and helps prevent sediment from leaving construction sites.

Dimensions: 1' by 5'

Advantages:

- Economical
- Reusable
- Easy to store
- Adaptable to varying discharge
- Greater than 190 gpm flow rate
